### Members Only to Screen Film Submissions

Members have an exclusive chance to screen film submissions for the 2008 Film Festival. This is a members-only privilege. “We’re looking for a discerning team of reviewers, and we know our members can be very good when it comes to watching films with a critical eye,” says Tom Sims, Executive Director of the Film Festival.

We’ll be screening films starting the week of September 9, usually on a weekday night at the Film Festival office. Criteria has been set up for a rating system that will allow for objective decisions to be rendered by members. If anyone wants to be part of the screening team, please email [tomhsims@aol.com](mailto:tomhsims@aol.com).
