

Cape May Film Academy Gets Good Grades From NJ High Schools!

"Thanks to Cape May Film Academy for coming to our school! It was great! Students need to hear the same ideas from other teachers/professionals sometimes before they can stick (i.e. when it comes to a short film dialogue and storyline, simple is better). The movies presented were fantastic!"

-Stephanie Weber
Broadcast Journalism Teacher
Passaic Valley High School
Little Falls, NJ

"It was really an eye opening experience for my students to see some of the films the Cape May Film Academy presented to the classes. The presentation helped start the ball rolling for our own film festival here at Kinnelon, and your helpful suggestions to the future filmmakers was very much appreciated. Again I want to thank you for a wonderful and educational afternoon of films and filming technique tips."

-Roberta Loniewski
